WELCOME,

ARISTOS
European School

Firstly, I would like to thank your children's interest and participation in the academy which the Chus Mateo Academy provides in Aristos European School in Getafe (Madrid).

We will do our very best to make sure that this will be an unforgettable experience for these young basketball players.

The Academy is a joint project between the Chus Mateo Academy Ltd and Aristos European School, the aim of which is to combine academic studies with our favourite sport, basketball.

This combined educational and sports programme is aimed at boys and girls between 12 and 19 from all around the world who want to balance basketball and academic studies. It is for those young players who dream of improving their individual techniques and knowledge of the game, whilst at the same time advancing their academic skills.

As the director of this project, in which we can help so many basketball players to improve and see the game from a new perspective, I am sure that with my team of professionals we will succeed in making your child's stay in our academy an unforgettable experience in every way.

Looking forward to seeing you soon!

Chus Mateo

CASADO ENSEÑANZA EDUCATIONAL GROUP

The Casado Enseñanza Educational Group is an independent institution which is engaged with the environment and has for more than 30 years been committed to integral, high-quality training based on an international outlook, technological and methodological innovation, sports education, and social engagement. It holds a special place amongst the educational institutions in the Madrid autonomous community. Our Educational Group has the following campuses:

- Aristos European School
- St. Tomás de Aquino International School
- Nuestra Señora de la Vega International School
- Technical School of Specialised Teaching
- INGLAN Centre for Vocational Training
- BAMBU Kindergarten

More than
3,500 students

More than 300
teachers

Small group
teaching

ACADEMIC PROGRAMME

LINGUISTIC EMPHASIS

1ST ESO (2011):
48% English,
6% 2nd language and 46% Spanish.
2ND ESO (2010):
51% English, 6% 2nd language and
43% Spanish.
3RD ESO (2009):
36% English, 6% 2nd language and
58% Spanish.
4TH ESO (2008):
27% English, 6% 2nd language and
67% Spanish.
1ST BACHILLERATO (2007):
18% English, 6% 2nd language and
82% Spanish.
2ND BACCALAUREATE (2006):
9% English and 91% Spanish.

SPORTS EDUCATION

1 hour a day of sports education, to develop the whole person and a healthy lifestyle. Sports covered in the curriculum: basketball, swimming, football and judo.

AMERICAN HIGH SCHOOL

With this programme our 3rd of ESO students can be simultaneously registered in a US High School, studying the Spanish and American programmes at the same time. The Dual Diploma is carried out 100% online, as if it were an extracurricular course. The students must do a total of 6 American credits during Secondary and Bachillerato. Successfully completing these credits alongside the Spanish programme will give students not only Spanish Bachillerato but also US High School certification.

TECNOLOGICAL INNOVATION

Learning based on new technologies, integrated within the learning process. Teaching with digital books. Each student receives a computer.

COMMUNICATION

An online platform will facilitate communication with families. Parents will have access to the school calendar and planned activities.

CHUS MATEO ACADEMY PROJECT

SPORT AND EDUCATION

This is a unique project in which sport and education come together to train students to become high performers both in academic subjects and in sport, giving them the support they need sports- and study-wise, without forgetting their development as well-rounded individuals.

AIMS

- 1) To maximise the students' academic performance and prepare them professionally for competition.
- 2) We strive to prepare students intellectually and sports-wise to give them the foundations to study and compete in any university.

PROGRAMME TO PERFECT SKILLS

The technical and physical programme is designed to meet the individual needs of each sports person.
The programme is designed by Chus Mateo and his team, who all have experience in ACB teams, national squads, and American universities.
Chus is the director and responsible for the Academy. He has more than 30 years of experience as the coach of teams of the highest international level. Currently he is the head coach of Real Madrid.

TECNICAL PROGRAMME

The students will become part of the squad of Aristos Basketball Club. They will compete in Madrid and different tournaments. Aristos European School & Aristos Sports Center have all the necessary facilities for the students' sports development. The school and sports center have a covered sports hall, swimming pools, gym, physiotherapists, an interior basketball half-court for specific training. There are personal training facilities and multi-purpose rooms.

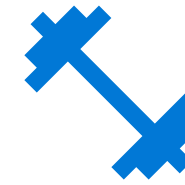

Students will have a medical examination before they join the technical programme. We try to make sure each player adopts suitable work habits and healthy eating routines. We strive to transmit values such as teamwork, effort, cooperation, self-sacrifice, self-demand and kindness to others.

WEEKLY PLAN

Technical and physical training at Chus Mateo Academy

Monday to Friday (07.00– 08:30 hours. Approximate)

CB Aristos training

Monday, Tuesday, Thursday, and Friday (19.00 – 20.30 hours. Approximate)
(The number of days and schedule will depend on the category/age)

Classes at Aristos European School

Monday to Friday: ESO: 08.45 – 13:35 and 15:00 – 16:45 hours
BACHELOR/Bachillerato: 08:45 – 14:45 hours
